Trentino Mini – the small flat cassette

Full-cassette awning for balconies and small outdoor seating areas

Function enhanced by design
– the connection of hinged arms
to front profile

Elegance and stability
– the arm brackets

The **Trentino Mini** creates a snug seating area and adds a splash of colour to small patios.

The angular design of the Trentino Mini creates a particularly harmonious combination with modern geometrical architecture and current trends. Like the large models in the Trentino family, the Trentino Mini offers a high level of comfort and superior quality standard. It can be equipped with a variety of optional extras.

Full cassette

Enclosed all around and measuring just 11.8 cm in height, the cassette reliably protects the awning from the effects of the weather.

Trentino Mini
